March 2009

Three New Classes by Debby Schuh

April 18 and 19

Debby Schuh has been scrapbooking most of her life...she still has her scrapbook from when she was two years old! After several years teaching school and as a staff designer for Anna Griffin, Inc., Debby has a busy schedule teaching at scrapbook stores and events both in the US and abroad as well as doing freelance design and consulting work. Her classes at CKU (Creating Keepsakes University) for the last six

years have inspired hundreds of students across the country. She has had many projects and articles published in books and magazines and is the author of the book Kids Scrapbooking...Easy as 1,2,3. Bringing this wealth of teaching and design experience to her scrapbook classes, Debby specializes in designing projects full of interactive elements and design details that might look complicated but teaches it step by step so that her students leave class with a beautiful finished project.

Debby is blessed to be able to do what she loves...travel the world and meet so many wonderful people, do a little shopping along the way, and share her passion for scrapbooking. She lives near Buffalo, New York, with her husband and two college-age sons.

The classes that will be offered are: Family Matters 7gyפים Album, Just BE Album, and Love Story Album. For detailed descriptions of each class and how you can **receive a \$25 gift certificate** visit <http://scrapbooks-plus.com/FeaturedClasses.htm>.

Teacher Discount Day

Monday is your special day if you are a teacher in our public school system. For all of your time and hard work in teaching our children we would like to help out by giving you a 10% discount on Mondays off all of your purchases. Just show us your faculty ID card and you will receive the discount. You can stop in and use our classroom equipment anytime for FREE. We have several die cut machines, punches, trimmers and more! We can help you plan your next class project and give you some wonderful ideas.

Design Team Corner

This month the Design team will be featuring Marrakech, one of the newest lines by Basic Grey. The rich warm colors combined with the fun funky design makes this line so much fun to work with. Our 11 Design Team members will be displaying their work on March 2nd so please come in and check out all of their creations. You can also check out some fun tips, techniques, and lots more on their blog at <http://scrapbooks-plusdt.blogspot.com/>

The designer of the month is responsible for picking the kit along with teaching a class. This month's designer, Kim Bartram, picked out this super yummy paper line; and, she is having fun creating cards with it and wants to share those cards with you! Come in to the store, check out the cards on display and sign up

Meet Our New DT Members

We would like to welcome our four new members to the ScrapbooksPlus design team, Misty Samson, Esther McCullough, Michelle Coffee and Loretta Cooper. Be sure to check out their bio's on our website and watch for new additions to the DT gallery featuring projects and layouts from all of our members. If you would like to ask our members any questions be sure to check out their blog! Bring in your cameras and take pictures of your favorite layouts and projects for more inspiration. The DT board in the crop room is changed at the beginning of the month with product available for purchase at that time.

New SDU Program Format

Scrapbook Design & You® teaches beginner through advanced scrapbookers the essential scrapbook theories and principles of design. SDU will dramatically enhance the skills of any scrapbooker to create dynamic scrapbook pages. Program graduates will be able to fully embrace the value and message of our slogan for SDU: Theory - Technique - Foundation - Success! Beginning in April we will be offering a new SDU program format. The course consists of four two-hour sessions taught by a certified SDU instructor. Each class session will consist of one hour of instruction followed by an additional hour of assisted hands-on creation of an actual page. The registration fee includes an official SDU manual and a list of required class materials. More details as they become available.

Fancy Pants Sale

I've got some great news for you from Fancy Pants Designs. They were making room in their warehouse for new product and decided to sell their product at a reduced price to retailers. I thought what a great way to pass some much needed savings on to my customers! I have spent the last two days putting together some great grab bags filled with 10 sheets of paper, rubons, ribbon, chipboard flourishes, buttons and more! Prices range from \$7.99-\$14.99 giving you a 40% savings on great products. Be sure to check out other reduced prices on stamps (regular price \$40 sale price \$22.99), Chipboard alphabet pack (regular price \$15.99 sale price \$7.99), ribbon and more! Stock up now, supplies are limited.

Be sure to check scrapbooks-plus.com

“Bunny Love” Basic Grey

Hippity, Hoppity, Easter is on its way! If you like bunnies (chocolate or the real ones), you'll love this layout! Using the Bittersweet line from Basic Grey, we'll create paper-pieced bunnies decked out in ribbons and rhinestones. The small photo mats hold two tags for journaling or even more photos. The title can be added onto the layout now or later once you have your photo in place. We'll finish off with even more bling using Martha Stewarts Tourmaline glitter. Join me to get a head start on your Easter scrapping. For this class, you will need your class kit, dark brown and pink chalk ink, small scissors for cutting out bunnies, pencil, large scallop scissors and a couple of pop dots. Sharon, \$20.

Butterfly Altered Book

Do you remember the old vinyl record albums? Well I collected 15 during my "junk shopping" sprees and made a class out of them. These are very unique and yes, costly due to the amount of supplies; each sleeve in the album has a front and back plus an insert that is double sided so we're doing four pages per sleeve. They are the same size dimensionally but they vary as to how many sleeves they contain and they also vary as to colors and condition. Remember these were made during the 1930-40's so they will not be acid free (but you can spray yours if you desire before you begin work) nor are they in perfect condition. If you like altered books and the distressed/shabby chic look, then this album is for you. It will make a beautiful table-top album. As you can see this is a long class and is not really designed for beginners as you will need to work on your own much of the time. I apologize for the price but it is what it is; if you find one of these treasures, you too will spend about this much to decorate it minus the fee I charge for my design work (which is a real bargain - haha!) This class is offered on a first-come; first-serve basis. I only have 15 albums! You need to come into the store and pick-

out the album you want (again, colors, condition and size vary). You can take the album home with you but be sure to bring it to our first class! Sorry but NO KITS and NO REFUNDS! I've been thinking about this idea for almost one year and finally got it together; I hope you will love the idea as much as I do!! Please bring: your regular kit with lots of adhesives to include: dry (lots); Zip Dry; foam tape; and red-line tape; if you have a "Walnut Stain" distressed ink pad, that would expedite your work rather than sharing the pads I have.

Sue's Card Class

This month we have two Easter cards; one being a fold out card and one a clear card; both are vibrant and fun! The third card is a Spring card that opens to two nice pockets for messages and/or pictures. Two cards are dry-embossed and one involves a good deal of cutting. All in all, you'll have three new ways to make cards! Note: this class is offered all day long; you come any two hours you have available! Please bring: score and fold tools; light box (if you have one); stylus; sanding tool; scissors; adhesives to include: dry, glue dots, foam, Xyron 2" or larger if you have it. (Come any two hours) \$20 Sueb

Spring Album

This album will featuring Basic Grey's Urban Prairie paper. The album is a unique textured book with textured pages that will display the wonders of spring. I hope you enjoy it as much as I liked playing and putting it together. Please bring Brown ink, adhesive (redline and paper), pop dots, scissors, a paper piercer, and a sanding block. Sunday, March 22, 1-3:30pm \$39 Leah

Shamrock Album

This album will show off all those wonderful March parties and festivals you throw or attend. This book, 6" x 12" will highlight with sparkle the joy of spring. Please bring adhesive (paper and redline), pop dots, scissors, brown and green ink, and a pencil. \$30 Leah

Things I Love

This is definitely not your basic exploding box! Created with papers from My Mind's Eye, this box offers 12 pockets, 12 tags and multiple journaling surfaces so you can record and share all the things you love. Learn to create unique "pages" in this interactive 3D scrapbook, then you decide what you want to celebrate - people, pets, places, movies, food, events, etc. Simply go through your stash of stickers, die cuts, and rub-ons and select (24) small embellishments to represent the "loves" of your life. Do you love Chocolate? Crossword Puzzles? Starbucks Coffee? Tropical vacations? Perfectly toasted marshmallows? You decide! (and if you can't pick your favorite song/movie/tv show, bring a list!) You can even include small pictures if you like. What to bring: pen, scissors, red line tape, adhesive, pop dots, bone folder, craft knife & mat, ruler, and your own stickers and embellishments. Class is limited to 9 students. No kits. \$20 Susie
